REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Trustees
The David and Lucile Packard Foundation

Opinion

We have audited the consolidated financial statements of The David and Lucile Packard Foundation and its affiliate (the "Foundation"), which comprise the consolidated statement of financial position as of December 31, 2025, and the related consolidated statement of activities and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Foundation as of December 31, 2025, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audit of the consolidated financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for one year after the date the consolidated financial statements available to be issued.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The David and Lucile Packard Foundation

Notes to Consolidated Financial Statements

December 31, 2025

(dollars in thousands)

1. Organization

The David and Lucile Packard Foundation (Packard Foundation) is a private foundation established by David and Lucile Packard in 1964. The Packard Foundation's mission is to work with people and communities to create enduring solutions for just societies and a healthy, resilient natural world. Therefore, the Foundation provides funding to build just societies, protect and restore the natural world, and invest in families and communities. The Packard Foundation's facilities are in Los Altos, California.

The Monterey Bay Aquarium Research Institute (Institute) is a not-for-profit organization founded in 1987 for the purpose of conducting scientific research in marine biology, oceanography, underwater geology, and other kinds of marine research in and around Monterey Bay and elsewhere and to educate the scientific community and the general public in regard to such research. The Institute's primary facilities are in Moss Landing, California.

Certain trustees and officers of the Packard Foundation are also officers or directors of the Institute. Trustees of the Packard Foundation are not permitted to vote for grants to organizations for which they serve as trustees, officers, or directors. The Packard Foundation is the Institute's only member, with the power to elect the Board of Directors. For the year ended December 31, 2025, approximately 67% of the Institute's revenues and support came from the Packard Foundation.

2. Summary of Significant Accounting Policies

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Packard Foundation and its affiliate, the Institute (collectively, the Foundation). Since the Packard Foundation has both control and an economic interest in the Institute, the financial statements of the Institute have been included in the consolidated financial statements of the Foundation. All significant intercompany transactions and balances have been eliminated in the consolidation.

Basis of Presentation

The accompanying consolidated financial statements of the Foundation are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America applicable to not-for-profit organizations.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include the valuation of the Foundation's investments and program-related investments, the expected useful lives of property and equipment, the determination of postretirement benefit liabilities, and the determination of functional expense allocations.

The David and Lucile Packard Foundation

Notes to Consolidated Financial Statements

December 31, 2025

(dollars in thousands)

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand and in banks, money market funds, and highly liquid investments purchased with an original maturity date of three months or less.

Investments

Investments are stated at fair value and purchases and sales are recorded on a trade or contract date basis. The estimated fair value of investments is based on quoted market prices, except for alternative investments and real estate investment properties, for which quoted market prices are not readily available. Alternative investments include private equities, marketable alternatives (including hedge funds), and real assets. The estimated fair value of alternative investments is based on the net asset value of the fund provided by the respective general partner. The Packard Foundation reviews and evaluates the net asset values provided by the general partner and assesses the valuation methods and assumptions used in determining the fair value of its alternative investments. Alternative investments are not readily marketable, and their estimated value is subject to uncertainty and may differ from the value that would have been used had a readily available market for such investments existed. These differences could be material. The estimated fair value of real estate investment properties is based on recent appraisals. Unrealized gains or losses on investments resulting from fair value fluctuations are recorded in the period when such fluctuations occur. Realized gains or losses, unrealized gains or losses, and interest income and dividends are reported in the consolidated statement of activities within "investment return, net". Investment sales and purchases are recorded on a trade date basis, which results in both investment receivables and payables on unsettled investment trades. The Packard Foundation is subject to credit risk should a broker be unable to meet its obligations.

Concentrations of Credit Risk

Financial instruments that potentially subject the Foundation to credit risk consist primarily of cash, cash equivalents, investments, and unsettled investment trades. The Foundation maintains its cash and cash equivalents primarily with major financial institutions. Cash equivalents include investments in money market funds and highly liquid investments purchased with an original maturity date of three months or less. Such amounts may exceed Federal Deposit Insurance Corporation limits. The Foundation's cash and readily marketable securities have been placed with major financial institutions with high-credit quality and, accordingly, the Foundation does not expect nonperformance.

Program-Related Investments

Program-related investments as of December 31, 2025, include \$95,843 of loans made to organizations and \$5,790 of equity investments, which are reported at fair value. Interest rates on loans receivable range from 0.5% to 5.8% as of December 31, 2025, and are generally repayable over one to ten years, with one note maturing in 30 years. Program-related investments are recorded when disbursed. Loans are monitored to determine net realizable value based on an evaluation of recoverability that utilizes experience, current economic conditions and specific borrower considerations. Management has reviewed the collectability of all program-related investments and has determined no credit loss is necessary as of December 31, 2025.

Property and Equipment

Property and equipment are stated at cost when purchased or fair value at the date of donation and are depreciated using the straight-line method over estimated useful lives of three to 30 years. Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Capitalized costs for self-constructed assets include direct labor and benefits for employees specifically identified with the project.

The David and Lucile Packard Foundation

Notes to Consolidated Financial Statements

December 31, 2025

(dollars in thousands)

Other Assets

The Foundation's other assets primarily include prepayments of unrelated business income (UBI) tax, deferred compensation plan investments, right of use lease assets, and miscellaneous prepaids and receivables.

Grants

Grants are recognized when the unconditional promise to give is approved. Conditional promises to give are recognized as grant expense in the period in which the recipient meets the terms of the condition.

Tax-Exempt Status

The Foundation is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code ("IRC") and from California franchise and/or income taxes under Section 23701(d) of the Revenue and Taxation Code. The Foundation is subject to federal excise taxes and taxes on unrelated business income.

Revenue Recognition

Contributions are recognized as revenues when they are received or unconditionally pledged. The Foundation reports contributions of cash and other assets as support with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statement of activities as net assets released from restrictions. Contributions with donor restrictions are reported as contributions without donor restrictions when the restriction is met in the same period as the contribution is received.

The Institute recognizes revenue from contributions, grants and contracts in accordance with Accounting Standards Update ("ASU") 958-605, *Not-for-Profit entities – Revenue Recognition*. Accordingly, the Institute evaluates whether a transfer of assets is (1) an exchange transaction in which a resource provider is receiving a commensurate value in return for the resources transferred or (2) a contribution.

Contracts deemed exchange contracts are recognized in accordance with Accounting Standards Codification (ASC) Topic 606, *Revenue from Contracts with Customers*. The core principle of ASC 606 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Revenue is measured based on consideration specified in a contract with a customer. The Institute recognizes revenue when it satisfies a performance obligation by transferring control over goods and services to a customer.

Recent Accounting Pronouncements

In December 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2023-09, *Income Taxes (Topic 740): Improvements to Income Tax Disclosures*, which enhances the transparency and decision usefulness of income tax disclosures through additional disaggregation requirements and qualitative disclosures. The ASU requires expanded information regarding the effective tax rate reconciliation and income taxes paid and is effective for annual periods beginning after December 15, 2026, with early adoption permitted. The Foundation is currently evaluating the impact of the adoption of this standard on its financial statements and related disclosures.

The David and Lucile Packard Foundation

Notes to Consolidated Financial Statements

December 31, 2025

(dollars in thousands)

In September 2025, FASB issued ASU 2025-06, *Intangibles—Goodwill and Other—Internal-Use Software (Subtopic 350-40): Targeted Improvements to the Accounting for Internal-Use Software*. This ASU simplifies and modernizes the accounting for internal-use software costs by replacing the previous stage-based capitalization model with a principles-based approach. Under the updated guidance, an entity will begin capitalizing internal-use software costs when (i) management has authorized and committed to funding the project and (ii) it is probable that the project will be completed and the software will be used for its intended function. The ASU also clarifies certain disclosure requirements related to internal-use software and incorporates guidance for website development costs into Subtopic 350-40. The amendments are effective for annual reporting periods beginning after December 15, 2027, including interim reporting periods within those annual periods. Early adoption is permitted. The ASU may be applied on a prospective, retrospective, or modified retrospective basis. The Foundation is currently evaluating the impact of the adoption of this standard on its financial statements and related disclosures.

3. Investments

The investment goal of the Packard Foundation is to maintain or grow its spending power in real inflation adjusted terms with risk at a level appropriate to the Packard Foundation's programmatic spending and objectives. To accomplish this investment goal, the Packard Foundation diversifies its investments (held directly and indirectly) across various financial instruments and asset categories and implements multiple investment strategies. The Packard Foundation's financial assets are managed by a select group of external investment management firms and held in custody by major banks. Investments allocated to partnerships, limited liability companies, and commingled funds have separate arrangements appropriate to their legal structure.

The Packard Foundation's investments (held directly or indirectly) in developed market securities and emerging market securities consist of exchange traded public equities, treasury, and corporate bonds. The Packard Foundation's investments in marketable alternatives consist of long/short, opportunistic, and special situation investment management funds, trading public securities and over-the-counter securities. The Packard Foundation's investments in limited partnerships, private equity, and real assets cannot be immediately liquidated, and include buyout and venture capital funds, real estate funds, and natural resource funds. The general partners of certain investments maintain the ability to subject available redemptions to lock-ups or gates. The Packard Foundation's investments (held directly or indirectly) in fixed income securities consist primarily of investment grade instruments issued by the U.S. government and its agencies, investments issued by U.S. corporations, and mortgage-backed securities. The Packard Foundation also makes mission-related investments to further its charitable purpose and maintains two real estate investment properties located in Los Altos, California which are valued based upon recent appraisals.

Investment securities are exposed to various risks, such as changes in interest rates or credit ratings and market fluctuations. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, the value of the Packard Foundation's investments and total net assets may fluctuate materially.

Legal, tax, and regulatory changes could occur during the term of the Packard Foundation's private investments. The regulatory environment for private partnerships is evolving, and changes in the regulation of these partnerships may adversely affect the value of investments held by the Packard Foundation. The Packard Foundation believes that the effect of any future regulatory change on the Packard Foundation's assets will not be material.

The David and Lucile Packard Foundation

Notes to Consolidated Financial Statements

December 31, 2025

(dollars in thousands)

Fair Value of Financial Instruments

In accordance with ASC 820, *Fair Value Measurements*, fair value is defined as the price that the Foundation would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market of the investment. ASC 820 established a three-tier hierarchy to maximize the use of observable market data and minimize the use of unobservable inputs, and to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best available information.

The three-tier hierarchy of inputs is summarized in the three broad levels listed below:

- Level I Quoted prices in active markets for identical assets and liabilities.
- Level II Pricing inputs, including broker quotes, are generally those other than exchange quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined using models or other valuation methodologies.
- Level III Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation.

The following table summarizes the valuation of the Packard Foundation's investments per the ASC 820 fair value hierarchy levels as of December 31, 2025:

	Level I	Level II	Level III	NAV ¹	Total
Developed market equities	\$ 136,977	\$ -	\$ -	\$ 1,340,377	\$ 1,477,354
Emerging market equities	19	-	-	980,727	980,746
Private equities	-	-	-	2,935,107	2,935,107
Marketable alternatives	-	-	-	2,029,876	2,029,876
Real assets	-	-	-	779,470	779,470
Fixed income securities	-	368,425	-	-	368,425
Mission-related investments	-	7,000	-	23,910	30,910
Los Altos real estate	-	-	12,606	-	12,606
Total investments	\$ 136,996	\$ 375,425	\$ 12,606	\$ 8,089,467	\$ 8,614,494

¹ Investments measured using net asset value as the practical expedient are excluded from the fair value hierarchy. These amounts are presented here to facilitate reconciliation of the fair value hierarchy to the consolidated statement of financial position.

There were no transfers between levels of the fair value hierarchy for the year ended December 31, 2025.

The David and Lucile Packard Foundation
Notes to Consolidated Financial Statements
December 31, 2025

(dollars in thousands)

The Packard Foundation uses net asset value (NAV) to determine the fair value of all the underlying investments which (a) do not have a readily determinable fair value and (b) prepare their financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company. Per the fair value measurement guidelines, the below table lists companies in which the Packard Foundation invests by major asset class as of December 31, 2025:

Asset Class	Strategy	NAV in Funds	# of Funds	Remaining Life, if definite (Years)	Unfunded Commitments	Commitments Draw Down Time (Years)	Redemption Terms	Redemption Restrictions
Public equities	Contains developed and emerging equity	\$ 2,321,104	19	N/A	\$ -	1 to 2	Ranges between monthly redemption with 30 day notice, to annual redemption with 90 day notice	Lock up provisions of up to 3 years
Private equities	Contains growth, international, leveraged buyouts, and venture capital	2,935,107	165	1 to 14	623,737	1 to 8	Not eligible for redemption	Not eligible for redemption
Marketable alternatives	Contains global long/short equity, opportunistic, and special situations	2,029,876	30	1 to 8	154,419	1 to 4	Ranges between quarterly redemption with 30 day notice, to annual redemption with 75 day notice	Lock up provisions of up to 3 years
Mission-related Investments	Contains equity investments	23,910	12	1 to 15	20,846	1 to 5	Not eligible for redemption	Not eligible for redemption
Real assets	Contains natural resources and real estate	779,470	65	1 to 14	328,348	1 to 5	Not eligible for redemption	Not eligible for redemption
		<u>\$ 8,089,467</u>	<u>291</u>		<u>\$ 1,127,350</u>			

The David and Lucile Packard Foundation

Notes to Consolidated Financial Statements

December 31, 2025

(dollars in thousands)

The Institute's financial securities (nonretirement investments) are categorized in the following levels of the fair value hierarchy at December 31, 2025:

	Level I	Level II	Level III	Total
Money market mutual funds	\$ 15,142	\$ -	\$ -	\$ 15,142
Corporate bonds	-	10,025	-	10,025
Certificates of deposit	-	490	-	490
Total investments	\$ 15,142	\$ 10,515	\$ -	\$ 25,657

The Institute's investment transactions are recorded on a trade date basis. Realized gains and losses on dispositions of investments represent the difference between the original cost of the investment and the proceeds received from the sale. Money market funds are reported on the statement of financial position as cash and cash equivalents. Corporate Bonds are reported on the statement of financial position as investments. Certificates of deposit are reported on the statement of financial position as prepaid expenses and other assets.

4. Property and Equipment, net

Property and equipment, net, as of December 31, 2025, consists of the following:

	Packard Foundation	Institute	Total
Land	\$ 26,648	\$ 4,236	\$ 30,884
Buildings	54,895	101,882	156,777
Research vessels	-	67,777	67,777
Remotely operated vehicles	-	27,697	27,697

5. Grants and Support Payable, net

The Packard Foundation ordinarily makes grants to organizations that qualify as public charities under the IRC. When distributions are made to non-qualifying organizations, the Packard Foundation assumes the responsibility for the ultimate charitable use. The Packard Foundation had unpaid conditional grants as of December 31, 2025, of \$220. This amount is not included in the consolidated statement of financial position nor the consolidated statement of activities, as per accounting guidance. Conditional grants will be expensed and paid when the defined barriers are overcome. The fair values of grants payable in more than one year, as of December 31, 2025, were evaluated based on discounted cash flows analyses, utilizing an assumed risk-free rate of interest at rates ranging from 0.29% to 5.06%.

The activity in grants and support payable as of December 31, 2025, is as follows:

	Packard Foundation	Institute	Eliminations	Total
Balance, beginning of year	\$ 252,488	\$ -	\$ (56,848)	\$ 195,640
Grants and Support Awards	320,413	-	(58,838)	261,575
Amendments	1,192	-	-	1,192
Payments	(350,298)	-	56,848	(293,450)
Add: change in present value discount	2,888	-	-	2,888
Grants and support payable, net, end of year	\$ 226,683	\$ -	\$ (58,838)	\$ 167,845

Grants and support awarded but unpaid, net, as of December 31, 2025, are expected to be paid as follows:

	Packard Foundation	Institute	Eliminations	Total
Year Ending December 31,				
2026	\$ 146,907	\$ -	\$ (58,838)	\$ 88,069
2027	38,472	-	-	38,472
2028	21,090	-	-	21,090
2029	15,162	-	-	15,162
2030	11,750	-	-	11,750
Total	233,381	-	(58,838)	174,543
Less: present value discount	(6,698)	-	-	(6,698)
Grants and Support Payable, net	\$ 226,683	\$ -	\$ (58,838)	\$ 167,845

6. Federal Excise and Unrelated Business Income Tax

In accordance with Section 4940(a) of the Internal Revenue Code, the Foundation is subject to a federal excise tax of 1.39% on net investment income for the year ended December 31, 2025. The deferred excise tax provision is calculated based on the same rate on cumulative net unrealized gains on investments. The financial statements reflect a current federal excise tax asset of \$1,905 and a deferred federal excise tax liability of \$52,938 as of December 31, 2025.

The Foundation is also subject to current federal and state unrelated business income tax, in connection with certain of its limited partnership interests.

The components of tax expense on investment income are as follows:

	<u>Packard Foundation</u>
Current federal excise tax expense	\$ 6,853
Deferred federal excise tax expense	<u>7,728</u>
Excise tax expense	<u>14,581</u>
Current UBI tax expense	<u>8,879</u>
UBI tax expense expense	<u>8,879</u>
Tax expense on net investment income	<u>\$ 23,460</u>

The Foundation believes that it has appropriate support for the excise and other tax positions taken and, as such, does not have any uncertain tax positions that result in a material impact on the Foundation's financial position or change in net assets.

(dollars in thousands)

7. Retirement Plans

The Packard Foundation sponsors defined contribution plans under both IRC Section 401(a) and 403(b) for its eligible employees. Total expense related to such plans for the year ended December 31, 2025, was \$4,112.

The Packard Foundation has a voluntary salary deferral plan for highly compensated employees under IRC Section 457(b). As of December 31, 2025, the Foundation held plan assets of \$2,930 that are included in the total assets of the Foundation, with the corresponding liability included in accounts payable and other liabilities.

The Packard Foundation has a Nonqualified Benefits Restoration Plan (i.e., IRC Section 457(f)) that allows the Packard Foundation to make contributions to a participant's account equal to the amount in excess of IRC limits that the participant would otherwise have been eligible for in accordance with the Packard Foundation's 401(a) plan. The Nonqualified Benefits Restoration Plan is intended to be an unfunded plan although voluntary contributions are made to a grantor trust.

The Packard Foundation has a postretirement medical benefits plan (Packard Foundation Plan), where eligible retired employees receive \$5 per year of service designated in a health reimbursement account.

The Institute sponsors a defined contribution plan under IRC 403(b). The defined contribution plan covers all employees who meet eligibility requirements. Contributions to the 403(b) plan are made by the Institute at 10% of an employee's annual salary. Total expenses related to this plan were \$3,005 in 2025.

The Institute sponsors a Section 457(b) Qualified Eligible Salary Deferral Plan primarily for the purpose of providing deferred compensation for a select group of management or highly compensated employees to accumulate retirement assets. At December 31, 2025, the Institute held plan investments of \$7,547 that are included in deferred compensation plan investments.

The Institute also sponsors a Nonqualified Deferred Compensation Restoration Plan primarily for the purpose of providing deferred compensation for a select group of management or highly compensated employees to accumulate retirement assets. At December 31, 2025, the Institute held plan investments of \$221, that are included in deferred compensation plan investments, to pay future liabilities that are included in deferred compensation plan liabilities.

The Institute has a contributory retiree health insurance program (Institute Plan) which covers substantially all employees who meet the eligibility requirements. Each August 1, the Institute contributes on behalf of each retired employee to a health reimbursement account ("HRA"). The amount of the contribution is 50% of the premium in effect as of August 1, 2017, with the same family status (single or two-party coverage) as the retiree. The retiree may then spend the amount in the HRA on any medical expenses that are tax-deductible, including premiums for health insurance.

(dollars in thousands)

The Foundation Plans are fully insured and funded on a pay-as-you-go basis. The estimated minimum benefit payments by year that reflect expected future service to be paid by the Foundation are as follows:

	Packard Foundation	Institute	Total
Year Ending December 31,			
2026	\$ 452	\$ 857	\$ 1,309
2027	488	926	1,414
2028	493	971	1,464
2029	472	1,021	1,493
2030	448	1,034	1,482
2031-2035	2,269	5,421	7,690

8. Commitments and Contingencies

As of December 31, 2025, the Institute has \$500 on deposit as collateral to guarantee that the Institute will comply with the provisions of a land lease entered into with the State of California, California State Lands Commission. The amount is included in other assets in the consolidated statement of financial position.

9. Credit Facilities

The Packard Foundation has an uncommitted line of credit of \$250,000 with The Northern Trust Company. The Packard Foundation has the option of choosing the interest rate based upon the Daily or Term Secured Overnight Financing Rate (SOFR). The uncommitted line of credit remains in force until otherwise elected by either of the parties. As of December 31, 2025, the outstanding principal balance on the uncommitted line of credit was \$0.

The Packard Foundation has a committed line of credit of \$250,000 with The Northern Trust Company, which contains a commitment fee on the unused available balance of 0.13% annually. The Packard Foundation has the option of choosing the interest rate based upon the Daily or Term Secured Overnight Financing Rate (SOFR). Any aggregate outstanding principal, interest, and related fees are due in full on the commitment termination date of December 9, 2026. As of December 31, 2025, the outstanding principal balance on the committed line of credit was \$0.

10. Analysis of Expenses

The Foundation's expenses have been allocated between direct charitable, grantmaking, and operational support activities, based on estimates made by the Foundation's management of time spent by employees on various activities. Direct charitable expenses pertain to charitable activities for the benefit of others initiated and conducted in whole or in part by the Foundation. Grantmaking expenses pertain to the general grantmaking activities of the Packard Foundation, such as reviewing proposals and awarding, monitoring, and evaluating grants. Operational support expenses include costs related to managing the Foundation.

The Foundation's functional expenses, displayed by natural expense classification, for the year ended December 31, 2025, are as follows:

	Direct Charitable			Grantmaking	Operational Support				
	Packard Foundation	Institute	Total Direct Charitable	Packard Foundation	Packard Foundation	Institute	Total Operational Support	Eliminations	Total Expenses
Grants awarded	\$ 17,500	\$ -	\$ 17,500	\$ 309,415	\$ -	\$ -	\$ -	\$ (58,838)	\$ 268,077

The David and Lucile Packard Foundation

Notes to Consolidated Financial Statements

December 31, 2025

(dollars in thousands)

11. Liquidity

The Foundation's financial assets available within one year of December 31, 2025, to meet general expenditures include:

	Packard Foundation	Institute	Eliminations	Total
Cash and cash equivalents	\$ 143,474	\$ 16,860	\$ -	\$ 160,334
Interest and dividends receivable	3,614	-	-	3,614
Investment sales receivable	261,703	-	-	261,703
Fixed income securities	375,425	10,025	-	385,450
Public equity securities	136,996	-	-	136,996
Grants and support receivable	-	69,271	(58,838)	10,433
Available financial assets	921,212	96,156	(58,838)	958,530
Less financial assets unavailable for general expenditures:				
Net assets with donor restrictions	-	4,859	-	4,859
Board designated operating reserve	-	18,699	-	18,699
Financial assets unavailable for general expenditures	-	23,558	-	23,558
Net available financial assets	<u>\$ 921,212</u>	<u>\$ 72,598</u>	<u>\$ (58,838)</u>	<u>\$ 934,972</u>

The Foundation endeavors to structure its financial assets to be available and liquid as its general expenditures, liabilities, and other obligations become due. As of December 31, 2025, in addition to the available financial assets listed above, the Packard Foundation has lines of credit agreements totaling \$500,000 which can be drawn upon in the event of immediate liquidity needs. Furthermore, there are likely to be additional components of the Packard Foundation's investments that may be available and liquid within one year. These components include certain portions of marketable alternatives, as well as return of capital from both private equity and real asset holdings.

The Institute has a Board designated operating reserve of \$18,699 as of December 31, 2025, with the objective of setting aside funds for use on specifically approved projects. Amounts from the operating reserve can be made available by the Board of Directors if necessary.

12. Subsequent Events

The Foundation has performed an evaluation of subsequent events from December 31, 2025, through July 23, 2026, the date the consolidated financial statements were available to be issued, and believes no subsequent events disclosures are required.
